Independent thinking. Personal delivery.

Because UYARE is independently owned, decisions are made quickly and proposals can be adapted without forcing your event into a rigid formula.

Our team works with you from the first enquiry through to final service.

AV, production, timings and specialist requirements are confirmed individually and may involve external suppliers.

HOW PRICING WORKS

Venue hire is arranged through a bespoke minimum spend. This reflects the date, space, guest numbers, menu, drinks, timings and any production requirements.
